COMPANY PROFILE

Wrought Iron Components

Dear Sirs,

As you may already know, **ind.i.a. spa** (from Italy) qualifies as the world leader in the production of ready made forged elements in **Wrought Iron** (with over **10.000** articles) for gates - fences - railings - ornamental and security grilles - D.I.Y. - assembled and kit furniture - giftware - interior furnishing - etc. There is also a wide range of **stainless steel, brass and aluminium** articles.

All these products can be found in our general **catalogues**.

Additionally we have an active export department, which regularly ships our production range to over **101 countries** around the world.

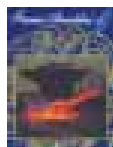

We also have up to date 9 branches around the world where we stock large quantities of our production range.

We would like you to consider the possibility of introducing Wrought Iron articles into your standard product range. If you need any further information you can contact us directly in **Italy**.

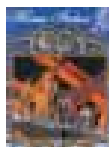

To get a better idea of what **ind.i.a. spa** is all about you can check out our WEB site at: WWW.ARTEFERRO.COM

If you may need any further information or free documentation please let us know it will be our pleasure to assist you.
