Palgotta Metal Industries incorporated with the mission to be one of the global leading unit in all ferrous & non-ferrous metals. Within a short span Palgotta Metal Industries has earned reputation for being providers of all types of stainless steels & nickel alloys & its solution with technical support.

We have created a team of experts that has the sole aim of satisfying our customers with top class raw materials. Our range is tested on parameters of material traceability, pressure cycle, leakage and corrosion resistance to ensure their high performance.

Right product for the right requirement at the right price, i.e. rather than a mere supplier of the raw mat, we take utmost efforts in understanding the clients requirement, identifying the right raw material at the right price. This has resulted in close ties with our major customers within India & worldwide.
