Introduction & Scope of Work

Introduction

VSF

is one of the leading structural steel fabricators in the United Arab Emirates. Established in 1992, VSF office and works is based in Sharjah Industrial Area # 15. Since its founding, the company has achieved steady growth from a small fabrication project in Abu Dhabi, to more than 12 major projects throughout the UAE as of today. VSF has been building a strong base of successful projects and satisfied clients throughout the United Arab Emirates. We have maintained the very highest credit ratings, giving us the financial resources and bonding capacity to supply and erect almost any kind of Structural and Non Structural Steel units.

VSF INTRODUCES...

Top-Mech Provincial, a well positioned and established company with advance technology over 100 years in manufacturing cranes and hoists. **Top-Mech Provincial** - A respected name in cranes and hoists that has been recognized in designing with principles of having reliable, durable, secure, easy maintenance and arduous service hoists. The construction of the **Top-Mech Provincial** cranes and hoists are based on the regulations of lifting devices according to the **CRANE MANUFACTURERS ASSOCIATION OF AMERICA, INC. (CMAA)**. **Top-Mech Provincial** designs and manufactures almost all types of cranes and hoists up to 500 tonnes from simplest to the most sophisticated computerized automatic cranes, from small workshops to steel mills, shipyards, ports, pulp and paper mills and hydro-electronic power houses cranes. (Detailed Brochure attached)

▶ **Electric Wire Rope Hoists**
